

MEDIA NON-CONSENT FORM

Our district strives to celebrate the accomplishments of its students by sharing information with the community. To do this, the district may submit press releases to local media (newspapers, radio, television, online news blogs, etc.) that include student names, work, photographs, video, and/or voice recordings. In addition, the district may choose to publish and/or display this information in publications, at school or public functions, on the website and/or other social media.

While the intent of this practice is to be informative and celebratory, the district recognizes that concerns may arise regarding a student's right to privacy. Pursuant to the Federal Family Educational Rights and Privacy Act (FERPA), school districts are permitted to release "school directory information" unless parents exercise their right of refusal.

If you agree to ALLOW Staples Motley Schools to publish and display such information about your student(s), no action is required.

****By signing this form**, I understand that I **DO NOT** grant permission to Staples Motley Schools to release my child's name, photograph, audio and/or video recordings, or displays of work to the media; to publish information about my child's accomplishments or achievements in any district sponsored publications, or to display such information on the district's website or social media.

This signed form shall remain in the child's cumulative file and remain effective until further notice by the parent.
